CALGARY CATHOLIC SCHOOL DISTRICT

June 18, 2015

Dear Parents and Residents of the St. Isabella School Community,

The Calgary Catholic School District (CCSD) and St. Isabella School administration wish to thank the residents of the St. Isabella School community for their participation and recommendations during the restricted enrolment reconsideration process. In particular, we wish to recognize school council members who attended the March 23 school council meeting as well as families and Catholic residents of the school community who attended the public participation process session on May 14, 2015 at St. Isabella School. As presented at all the meetings, boundary decisions for all three new Catholic schools in south east Calgary and their subsequent impact on multiple schools are interconnected and as a result, an all-inclusive approach has been taken.

All current enrolment, registration procedures and practices will remain in place for all impacted schools during the 2015-2016 school year. The three new schools are expected to be operational for the 2016-2017 school year, and the restricted enrolment reconsideration process will result in the following change in designated schools for resident students residing in the St. Isabella boundary area:

- Blessed Cardinal Newman School becomes district designated school for redirected students that live in St. Isabella School boundary area. District transportation provided.
- Restricted enrolment procedures remain in effect for St. Isabella School with waitlists maintained to determine when students can be repatriated to their home school.

In its ongoing planning efforts, the district will continue to review population and transportation trends on a yearly basis. If necessary, CCSD will continue to engage the community when potential revisions are being discussed.

The Calgary Catholic School District would like to thank all those who participated in this process and provided input into creating a sustainable solution to accommodate resident students of the St. Isabella School community. Should you have any further questions, please contact St. Isabella School at 403-500-2123.

Sincerely,

Mike Ross
Superintendent, Area D Schools

PLEASE NOTE: Information gathered from the public consultation process is available in its entirety on our district website at www.cssd.ab.ca , in the Parents section, under the title *Help Plan Our Future 2014-2015 Meetings*. This includes information and feedback gathered at the public participation meeting on May 14 at St. Isabella, as well as the companion document titled *Restricted Enrolment Reconsideration Q&A.*
